

2016-2017 After School Metro Bus Permission

Unfortunately this year the bus companies which provide bus service to MSCR after school activities have not been able to serve Spring Harbor's program with a bus at 3:30 pm after clubs. To help students who require transportation to continue to participate in MSCR clubs we will provide single ride bus passes to students with signed permission forms.

The bus routes are regular Madison Metro routes, not special school routes. Due to the location of Spring Harbor most bus rides require multiple transfers. The best way to find your route is to go to Google directions, click the transit button on top and change the departure time from Spring Harbor Middle School to 3:30 pm on a week day (weekend routes are different). This will give you all of the available routes, **please list the routes you want your student to take below.**

Our staff are able to answer some bus questions before the students leave, but the bus ride is unsupervised.

Please review the transportation plan, and the bus route if applicable, with your student before they stay for a club. If you are interested in having your student take a Metro bus home with one of our single trip bus passes, please indicate and sign below.
